### PRESIDENT'S MESSAGE

The Holiday festivities are behind us and I find myself reflecting on last year. 2005 saw an upgrade on many of our field trips. We spent 7 days at the Alligator Farm, Jacksonville, Florida, and were joined by friends -old and new - from Tampa. There were more than birds and alligators involved in this trip. Evenings in the hotel parking lot rehashing the day and planning the next was a highlight. Because of the camaraderie and the opportunity for great pictures, several are talking about another Florida trip. Later we traveled to Glen Falls for the Adirondack Balloon Festival ...this is definitely a repeat for '06. Jenny's Farm in Vermont was the one trip where we were rained out, although enough photos were made to try again in '06. A car load traveled to Rockport, MA, and has recommended it as a weekend trip. Some of our members will travel with Russ Burden to Death Valley and Mono Lake in March, 2006. In addition to these trips, Stan Strauss is moving ahead with the Tuesday Morning Trips which usually involves members from other Clubs as well.

In '05 I saw a need to expand our leadership base and I am so thankful many agreed to accept committee chairs. We had some minor bumps, but with your support we now have a much broader leadership base.

At the start of this season, our membership declined. The decline is based on several factors: members' health, those seeking warmer weather, work commitments, etc. I pray for improved health for: Sally Cawley, June Conticchio, Joe Mancher and Grace Tucci. The Membership Committee is keeping in touch with these members and will keep us updated. As fellow members we also can send a card or make a call ...it will mean much to our members.

The work schedules of Camille Celleste, Sarah Williams, Augusto Malvago, and Jimmy Li prevent them from attending meetings; however, we miss them and we're hopeful that at some point, they will return.

Mary Thompson is eagerly working ahead to plan the most beneficial Programs for us and Gary Spielvogel is continuing to insure that we have Educational events. Bob Uss has reached out to so many of our membership to insure the smooth flow of the Competitions.

2006 promises to be an exciting and educational year as we implement some of the suggestions you shared at the Members' Forum.

**Happy, Healthy and a Great Photo New Year!**

-Ron Caldwell

### Digital Tip:

Calibrating the monitor is the first, and perhaps the most important step in setting up a digital workstation. The monitor image is the only view you have of a digital file, and the quality of all image retouching depends on how accurately the monitor displays it.

Remember that monitor performance changes and declines over time; recalibrate and profile your monitor every month or so. If you find it difficult or impossible to calibrate your monitor to a standard, it may be too old and faded.

- 1) Make sure your monitor has been turned on for at least a half hour. This gives it sufficient time to warm up and produce more consistent output.
- 2) Make sure your monitor is displaying thousands of colors or more. Ideally, make sure it is displaying millions of colors or 24-bit or higher. (control panel>display>settings)
- 3) Remove colorful background patterns on your monitor desktop and set your desktop to display neutral grays. Busy patterns or bright colors surrounding a document interfere with accurate color perception.

**Happy Birthday To You!**

**MEMBERS' NEWS**

**Sally Cawley:** suffered a stroke a few months ago and continues in rehabilitation. We're hopeful for Sally's full and speedy recovery.

**June Conticchio:** Following our Holiday Party and "Gadgets" night, June was admitted to Flushing Hospital. After a few days, she was transferred to Winthrop Hospital where her doctor is on staff. Following a procedure, June came home on New Year's Eve. Her spirits are high and she's anxiously looking forward to her return to the FCC. A card with our best wishes for a speedy recovery has been sent to June.

**Kathleen Goldner:** She and hubby had a "very early flight to Houston to spend Christmas with our son and his family. Then we are off to Santa Barbara for the month of January. Retirement has its advantages! We wish everyone a beautiful holiday season. See you in February." *Hopefully, Kathleen has her camera to share with us those great Texas and California images.*

**Selma and Marty Mirsky** are in Florida for some time. Marty will return shortly, but Selma will continue to enjoy the sunshine.

**Grace Tucci:** In spite of being under the weather, she assisted, along with Bell Smith and Adele Robbins, in contacting our FCC absent members. Grace has not been in the best of health for sometime and we're hopeful that it will not be much longer before she is back with us. A card has been sent to Grace to encourage her full recovery.

**Joe and Miriam Mancher:** are in Florida for the winter. He's feeling pretty good. They were in New York recently for 2-3 days for their grandson's Bar Mitzvah. They miss everyone and send their warmest greetings.

**Ruth and Dave Greenstein:** Are enjoying their great California weather and not missing the snow and cold weather of NY. They send their greetings.

**NEW MEMBER:**

**Cheryl Marmon-Halm:** heard about us through the PFLI Website, visited with us on November 30th and decided to become a member. "I wanted to join a community of photographers to become a better photographer. I'm interested in learning more about composition and lighting .. and just how to take a great photograph."

"I just started taking pictures about 4 years ago, using a point and shoot digital camera. I have graduated to using a digital SLR camera. I travel widely so I'm presented with opportunities to take photographs in different locals. I've traveled to China, Africa, Caribbean, etc."

**Cheryl: Welcome to FCC Membership. We'll do all we can to assist you in strengthening your skills.**

**BIG THANK YOU:** from Parking Lot Attendant for our FCC gift in December.

**FCC Round Robin, January 18, by Mary Thompson**

We will all have a unique opportunity to observe members of our Club demonstrate a particular skill that they have mastered and are more than willing to show you how it's done.

*If you ever wondered about How to Mat a Print ... Joe Crupi will show you*

*Want To Try Foam Board ... you'll have a hands-on demo*

*Now is the time to watch and ask questions*

*Bring your camera: there will be opportunities to take pixs of 2 tabletop photo ops assembled by Bob Green*

*In the Board Room, you'll be able to try out Black Light Photography. If you have anything florescent, key chains, small toys, bring them along.*

*Ron Caldwell is bringing his laptop and will demonstrate How to Get Images From a Digital Camera off the Flash Card and into the Computer, then Format the Flash Card. Now is the time to ask questions!*

*Mary O'Connor will show you How to Crop Slides. Bring some of your slides with you, she might be able to change a "6" to a "9" with proper cropping.*

*We might also be able to lure Bell Smith into showing you How to Touch Up Slides With Spot Tones or Marshall Paints or Food Coloring. A former member of our Club used to use tea after it steeped!*

**Mark your calendars: Wednesday, January 18. It's going to be a fun, informative, hands-on and educational night with photo ops and friends.**

***Come, Mix, Mingle and Have a Cookie!***

### Russ Burden says ....

"I want you to know about my most recent articles in Petersen's PHOTOgraphic. In November issue, I had a 4 pager on the topic of FRAMING. 5 tips are given and each is illustrated with an image. If you still have the issue, take a moment to give it a quick review. If you don't have it, try to borrow a copy from a fellow photographer or check the library .. give it a look.

The December issue, focus of 6-page article is BACKLIGHTING. It covers 8 tips that demonstrate different situations in which to use it. Tips include how to use backlight indoors, outdoors, how to emphasize texture, how to create silhouettes, and more. Each tip is illustrated with a photograph that shows its use. Again, try to get your hands on a copy. I hope the article helps you in your photographic endeavors. "
