"Together in friendship may we learn the art of photography"

Hi everyone

Spring is in the air. You know that's what's happening when you get notice of Hick's Spring Showing of their wonderful flowers. This year there is an added request or is it a regulation that we refrain from using tripods for the comfort and safety of their customers.

Don't forget PFLI's seminars are being held monthly in the library where the competitions are held. Also I have tickets for the Spring Festival in April at the Commack High School.

The Flushing Camera Club is looking forward to a trip to Maine in May. Plans are being made I wish them an enjoyable trip and that they come home with a lot of nines.

We had a glimpse of the images that will be part of our first photo exhibit that's scheduled to take place in May. It looks like it 'll be an exciting exhibition of our work. Twenty-five members showed their photos. There are still about ten members who have not brought in the images they wish to exhibit. Time is getting short . In order to keep to our time line we must see these images at the next meeting on the 5th of March just before the competition.

Remember our competition in May is restricted to photojournalism.

The May judge was kind enough to give us the parameters he will be using to evaluate our images.

The usual definition of "PJ" is "a photographic presentation of a news story". If the subject is engaged in an activity where almost everyone will easily be able to "read the story" the judge will consider this to be an example of "PJ" and this is what he will look for in your presentations.

Once again I ask for members to become active in the Flushing Camera Club this year. It will make the club stronger and more interesting for you.

Helen Repstad
